

TALENT SUPPORT PROGRAMS

What is a Talent Support Program?

- ⚽ Talent Support Programs (TSP) exist across regional and metropolitan areas to give identified players access to additional training to supplement their club training
- ⚽ The purpose of TSPs is to provide potentially talented players aged 13 to 16 access to a quality training environment which complements their club training

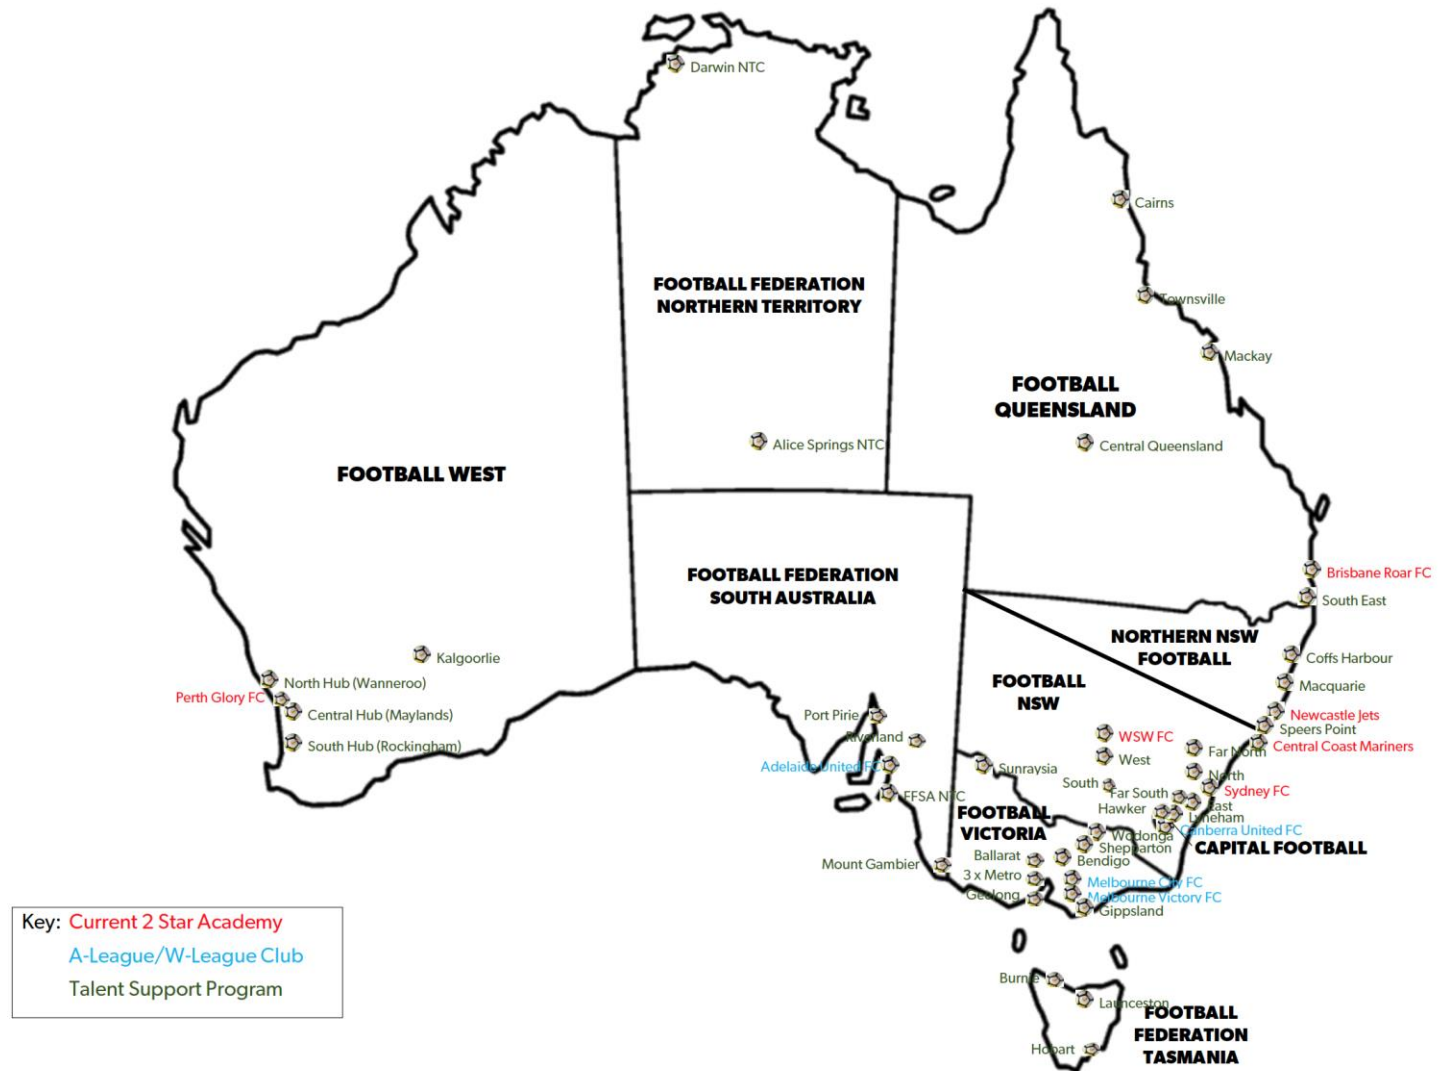

TSP GAME DAY
Western Australia

Who organizes a Talent Support Program?

- TSPs are run by the Member Federation with guidance and support from FFA Technical
- Member Federations facilitate the organisation of the TSP and appoint appropriately qualified coaches for each age group
- TSPs will continue to grow to reach out to more potentially talented players in Australia

Map of Australia showing Talent Support Programs

How do players access a TSP?

- ⚽ Varies at each Member Federation with trials being conducted for each age group/Hub
- ⚽ Ideally, players are also identified throughout the year by a network of Talent scouts
- ⚽ Coaches and TDs from clubs are encouraged to nominate players to be considered for a TSP
- ⚽ Players should attend their closest TSP to minimise travel time

Juan Bautista Propato,
Football West – WA
LNJSA Region

Busselton TSP Hub
